HIGHLIGHTS

- **EconBiz Network Partnership**

In Oct 2013, PolyU Library signed a Memorandum of Understanding with German National Library of Economics (ZBW), the world's largest information centre for economics, to strengthen, promote and develop international and research co-operation between the two parties.

EconBiz, a powerful search engine provided by ZBW, which covers over 800,000 freely accessible economic literatures, including journal articles and working papers, can now be accessed via our Library homepage at <http://www.lib.polyu.edu.hk/databases/econbiz>. Students are encouraged to visit the site to identify quality scholarly articles for research related to business areas.

An international competition on the use of EconBiz search will also be held later this year. Students are encouraged to take part in the contest to win fabulous prizes. Details of the contest will soon be released in the Library Homepage. Please stay tuned.

- **Donation to the Library**

In Nov 2013, the Library received a generous donation from Mr Yan, who complimented our Library on providing a strong collection in mathematics and computing which was very helpful to his research. In appreciation of our support, Mr Yan dedicated the fund to strengthen our collection in subject areas related to mathematics, science and technology.

Our heartfelt thank to Mr Yan for making a difference to the PolyU Library. We greatly appreciate his generosity.
